Conditions of Operation

Applicants for inclusion on the register must:

1. Be a fully paid up member(s) of the Society
2. Certify that the Health Certificates submitted pertain to both Sire and Dam of the puppies being registered.
3. Agree to be bound by the Society's Breeding Code of Conduct

by completing the attached form and returning it to the puppy Coordinator,

and

- The breeder will provide all certificates from health schemes that the Sire and Dam have been tested under the BVA/European Schemes. BVA/European Eye Certificates must be Unaffected/Clear and carried out annually and should be current at the time of mating. AHT DNA PRA1&2 should preferably be clear. For Carrier status, it is strongly advised such dogs only be mated to clears (and vice versa).
- The owner of the Stud Dog will encourage the breeder to register each puppy with the Kennel Club
- A fee of £20.00 will be made to Society Funds, as a contribution towards administrative costs.

Potential stud dog users will be sent a list of those stud dogs on the Register on the date of the enquiry.

The list will also be published in the members Year Book as it is at the time of the Year Book going to print and in the same format on the Society's website unless you request otherwise.

It is up to the Stud Dog Owners to assess the suitability of the prospective bitches, to be responsible owners of a Golden Retriever.
