Saturday 4<sup>th</sup> October 2025

My sincere thanks to the Committee for inviting me to judge at this lovely, well-organised and enjoyable show, and to the exhibitors for accepting my decisions in such a sporting manner. I was pleased with the high standard of overall presentation and the good condition of the exhibits. Temperaments were consistently good throughout, and the majority exhibited correct scissor bites.

1. Stallard's Maplerose All Tuckered Out. Nine year old boy shown with a dense mid-golden coat. Lovely chiselled head and kind expression, with good length of neck flowing into correct layback of shoulder. Good tight feet. Deep through the chest with good spring of rib, and balanced throughout with good front and rear angulation. Maintained a level topline on the move with correct tailset. Moved well, covering the ground effortlessly. BVD, BVIS.
